ERRA is one of the primary reasons that I live in Penn Laird and I can almost see the pool deck from our newly built deck. I worked as a regional manager for Splash Kingdom Family Waterparks of TX & LA before moving to the valley. The certifications to train guards, treat water, and dance as a shark have long faded but I likely could remember enough to provide some value to the community I love. It would be an honor to serve with a dedicated group of volunteers if the membership would like me to do so. Please call or write anytime. Sincerely, *Jared P. Troutman*
